ABOUT US

NEGIN SANAT HELMA (NSH) is a manufacturer, supplier, and international exporter of premium Iranian building materials. Backed by industry expertise, manufacturing capabilities, and a strong sourcing network, we deliver reliable construction products to distributors, wholesalers, contractors, developers, and industrial projects across Europe and global markets.

Our business is organized into two specialized divisions:

Natural Stone & Mineral Products

- ◆ Natural Building Stones
- ◆ Travertine
- ◆ Marble
- ◆ Granite
- ◆ Onyx
- ◆ Limestone
- ◆ Stone Blocks & Cut-to-Size Products
- ◆ Gypsum
- ◆ Lime
- ◆ Pumice
- ◆ Sand & Gravel
- ◆ Concrete Blocks
- ◆ Paving Blocks
- ◆ Mosaic Products
- ◆ Ceramic & Porcelain Tiles
- ◆ Reinforcing Steel Bars (Rebar)
- ◆ Cement
- ◆ Structural and Finishing Building Materials
- ◆ A Complete Range of Construction Products

In addition to manufacturing selected products, NSH collaborates with leading Iranian factories and trusted producers, enabling us to supply a comprehensive portfolio of high-quality building materials with consistent standards, competitive pricing, professional packaging, and dependable logistics.

With valuable experience in international trade and export operations, we understand the importance of reliability in global business. Our commitment is to execute every project with precision, fulfill our obligations responsibly, and build long-term partnerships based on quality, trust, transparency, and customer satisfaction.

At NEGIN SANAT HELMA (NSH), our mission is not only to supply products, but also to provide dependable solutions that create lasting value for our business partners worldwide.

NEGIN SANAT HELMA (NSH)

Manufacturer · Supplier · Global Exporter of Iranian Building Materials

COMMERCIAL TERMS & BUSINESS COMMITMENT

At Negin Sanat, we are committed to delivering reliable sourcing, professional supply chain management, and long-term business partnerships for international construction, industrial, and infrastructure projects. Our objective is to provide high-quality products and comprehensive commercial solutions that meet international standards and exceed our clients' expectations.

OUR SERVICES

- Complete sourcing and supply of natural stones, construction materials, minerals and related products.
- End-to-end procurement solutions for construction and infrastructure projects.
- Project-based material supply from production facilities to the final destination.
- Technical consulting, commercial support, investment advisory, and strategic business cooperation.

QUALITY & PRODUCT STANDARDS

- Products are supplied strictly according to the agreed technical specifications.
- Quality grades (Grade 1, Grade 2, and Grade 3) are available based on the customer's technical and commercial requirements.
- Packaging is performed in accordance with international export standards or customer-specific requirements.

PRICING

Each quotation is prepared individually based on product specifications, quality grade, order volume, packaging requirements, logistics, customs formalities, delivery terms (Incoterms®), and current market conditions.

PAYMENT TERMS

Payment conditions, advance payments, and settlement procedures are agreed upon through mutual negotiation and confirmed in the commercial contract. Advance payments, where applicable, are allocated to procurement, production scheduling, packaging, transportation arrangements, and other operational services required to execute the order. Payments may be completed through internationally accepted banking channels, licensed exchange offices, cash settlement where legally permitted, or any other mutually agreed payment method.

DELIVERY & LOGISTICS

Delivery can be arranged to border terminals, ports, warehouses, factories, or project sites in accordance with the agreed Incoterms®.

Transportation, logistics coordination, customs clearance, and delivery responsibilities are managed according to the contractual agreement between both parties.

Customers receive regular progress updates throughout procurement, production, quality inspection, packaging, loading, shipment, and final delivery.

QUALITY ASSURANCE

Negin Sanat guarantees the authenticity and conformity of all supplied products with the agreed contractual specifications.

Independent third-party inspection prior to shipment can be arranged upon customer request.

Any verified discrepancy attributable to our scope of responsibility will be addressed in accordance with the contractual agreement.

CONFIDENTIALITY

All commercial information, project details, technical documents, and customer data are treated as strictly confidential and are protected throughout the entire business relationship.

CUSTOMER SUPPORT

Our commercial team provides continuous support before, during, and after order execution, ensuring transparent communication, efficient coordination, and timely responses throughout every stage of the project.

OUR COMMITMENT

Our mission is to establish long-term partnerships based on integrity, transparency, reliability, and mutual trust.

By combining competitive sourcing, strict quality control, professional logistics management, and consistent contractual performance, Naegin Sanat strives to become a trusted strategic partner for contractors, distributors, developers, and industrial clients across Europe and international markets.
