

The background is a dark, almost black, marble with intricate, swirling patterns in shades of brown, tan, and grey. The texture is organic and natural, typical of high-quality stone.

NSHCo.

Stone Solutions for
Architectural Excellence

Company Introduction

- ❖ **Negin Sanat Helma** Company was established in 2019 with the aim of producing and exporting high quality and sustainable construction products. By leveraging technical expertise and modern technologies, the company has provided durable, aesthetic, cost effective, and competitive infrastructure solutions in the construction industry.
- ❖ The company's primary goal is the production, supply, and export of superior construction materials in line with international standards, ensuring the safety, durability, and efficiency of buildings.
- ❖ Negin Sanat Helma has built its operations on the principles of fair competition, commitment to quality, and expansion of its international presence. We believe that modern construction requires a comprehensive approach-one that respects the environment while meeting the functional demands of today's complex projects.
- ❖ Through its experienced engineering team and extensive network of raw material suppliers, the company has established itself as a reliable provider in the industry.
- ❖ **Our Vision:** To become one of the regional pioneers in delivering integrated construction solutions, with a special focus on green materials and innovative building techniques.
- ❖ **Mission Statement:** To continuously deliver construction products that meet the highest international standards (ISO and ASTM) by optimizing production processes and export logistics.

نبذة عن الشركة

- ❖ شركة نغين صنعت حلما تأسست في عام 2019 بهدف إنتاج وتصدير منتجات البناء ذات الجودة العالية والاستدامة. ومن خلال الاستفادة من الخبرة الفنية والتقنيات الحديثة، قامت هذه المجموعة بتوفير بنى تحتية متينة، جميلة، اقتصادية وتنافسية في قطاع البناء والتشييد
- ❖ الهدف الرئيسي للشركة هو إنتاج وتوريد وتصدير منتجات البناء ذات الجودة الفائقة وفقاً للمعايير العالمية بما يضمن السلامة والمتانة وكفاءة المباني
- ❖ وقد بنت شركة نغين صنعت حلما نشاطها على مبادئ المنافسة العادلة، الالتزام بالجودة، وتوسيع الحضور الدولي. نحن نؤمن أن البناء الحديث يتطلب نهجاً شاملاً يحترم البيئة ويلبي في الوقت نفسه المتطلبات الوظيفية للمشاريع المعقدة في عصرنا
- ❖ وبفضل فريق هندسي ذو خبرة وشبكة واسعة من موردي المواد الأولية، استطاعت الشركة أن ترسخ مكانتها كمورد موثوق في هذا المجال
- ❖ رؤيتنا: أن نصبح من الرواد الإقليميين في تقديم الحلول الإنشائية المتكاملة، مع تركيز خاص على المواد الخضراء وتقنيات البناء الحديثة
- ❖ بيان المهمة: تقديم منتجات البناء بشكل مستمر وفقاً لأعلى المعايير الدولية من خلال (ISO و ASTM) تحسين عمليات الإنتاج ولوجستيات التصدير

MARBLE

Architectural Marble for Premium Construction Projects

Available Sizes & Thickness

Tiles, Slabs, Cut-to-size
Thickness 20–30 mm

Color Range

White, Grey, Dark, Veined

Finishes & Models

Polished, Honed, Brushed

Typical Applications

Flooring, Interior Walls
Lobbies, Luxury Architectural Projects

Material Notes

High density, durable surface
Suitable for high-end interior use

NSH Co.

GRANITE

Architectural Granite for Heavy-Duty Construction Projects

Black granite

Grey granite

Multicolor granite

Available Sizes & Thickness:

Tiles, Slabs, Cut-to-size

Thickness: 20–30 mm

Color Range:

Black, Grey, Multicolor

Finishes & Models:

Polished, Honed, Flamed

Typical Applications:

Flooring, Facades

Industrial & High-Traffic Areas

Material Notes:

Very high strength

Excellent abrasion resistance

Suitable for exterior and heavy-duty architectural use

NSH Co.

CRYSTAL

Architectural Crystal Stone for Modern Construction Projects

Available Sizes & Thickness

Tiles, Slabs, Cut-to-size
Thickness: 20–30 mm

Color Range

White, Light Grey, Silver

Finishes & Models

Polished, Honed

Typical Applications

Flooring, Interior Walls
Commercial Areas, Architectural Projects

Material Notes

High clarity crystals
High durability
Suitable for modern architectural use

PROJECT SUPPORT & TECHNICAL SERVICES

Professional Assistance for Contractors & Developers

 Material Selection Consulting

 Shop Drawings & Technical Data Sheets

 Quantity Take-Off & Project Matching

 On-Site & Remote Technical Support

 Coordination with Contractors & Architects

WHY NSH CO.

Professional Stone Partner for Construction Projects

Quality Control

Factory inspection, consistent standards.

Project-Based Supply

Tailored quantities and specifications.

Technical Support

Material selection for Architects & Contractors.

Reliable Delivery

On-time supply for large-scale projects.

Trusted Materials

Travertine, Marble, Crystal, Granite

PRODUCTION & PROCESSING

Precision, Technology & Quality Standards

Advanced Quarry Selection

Precision Cutting & Calibration

Surface Finishes:

- Polished, Honed, Leathered, Bush-Hammered

Strict Quality Control at Every Stage

NSH Co.

LOGISTICS & EXPORT PACKAGING

Safe Handling, Secure Transport, Global Reach

Export-Grade Wooden Crates

Shock Protection & Moisture Control

Shock Protection & Noistal

Optimized Container Loading

On-Time International Delivery
